

RSM/SAL

13th September 2018

Dear Parent / Carer

As you know, year 11 is a really important year and can be quite stressful for students, especially with tougher examinations and a greater stress on achieving a 'good' pass.

Sometimes as a parent it is hard to know how best to support your child in this crucial year. We would like to invite you to year 11 information evening on Wednesday 19th September where Heads and Directors from English, Maths and Science will present and give you key information and resources.

We will be serving refreshments from 6:30pm with information and presentations starting at 7:00pm.

Yours faithfully

Rachel Smith
Principal
