10 July 2020

Dear Parents/Carers

Free School Meals

I write further to my letter of 29 June 2020 to confirm that the Government has reviewed its position regarding free school supermarket vouchers for students in Years 11 and has confirmed that eligible students in these year groups will also be eligible for the COVID Summer Food Fund. This will provide you with a voucher to the value of £105 for a 7 week holiday to cover the summer holiday period. Until the end of term your vouchers will continue to be processed in the same way and you should receive the voucher for summer holiday before the end of term.

I hope this good news provides you with some comfort but I urge you to contact the school, using the 'Contact Us' button on the school website, if you need any additional support. For families needing urgent help, please contact the local authority <https://www.wakefield.gov.uk/site/contact> for information about the services and support available in our area.

Yours faithfully

Lisa Allott
Principal
